

Mexico Localization

LLB SOLUTIONS

LLB Mexico Localization

For Microsoft Dynamics 365 Business Central

The Mexican Localization developed by LLB Solutions in Microsoft Dynamics 365 Business Central allows the compliance of all the tax and accounting obligations of Mexico and all specific laws and regulations, such as the billing complement requested by the SAT and the tax retention and reports.

This localization app is available for local or international companies with economic activity in Mexico.

WHAT DOES MEXICO LOCALIZATION INCLUDES?

- Comply with accounting and tax requirements demanded by the SAT (TAX administration services).
- Integration already established with some PAC (Electronic billing services agencies)
- Reports on magnetic format media and integration with electronic invoices and electronic accounts.
- Ensures constant updated according to legal modifications of Mexico or new Microsoft Dynamics 365 Business Central versions.
- Support in the functional and technical configuration and location training.
- Comprehensive training on best practices in Dynamics 365 Business Central.
- Business Central. ongoing support during data migration and go-live.
- Adjustment of terminology according to the region in the different standard Dynamics module
