

Dominican Republic Localization

LLB Solutions

LLB Dominican Republic Localization

For Microsoft Dynamics 365 Business Central

LLB Solutions has developed localizations for Microsoft Dynamics 365 Business Central in the Dominican Republic, ensuring compliance with the tax requirements established by the Dirección General de Impuestos Internos (DGII), including accounting, fixed assets, inventory, banking, accounts receivable and payable, and project management.

The Dominican Republic Localization complements Dynamics 365 Business Central by covering country-specific tax regulations that are not included in the standard system.

Its reporting functionalities both printed and electronic, including the export of tax information in formats required by the DGII are available for national and international companies operating in the Dominican Republic, across both the public and private sectors.

WHAT DOES THE DOMINICAN REPUBLIC LOCALIZATION INCLUDE?

- Accounting and tax requirements mandated by the DGII.
- Ensures constant updates according to legal changes in the country or new Microsoft releases.
- Support in the functional setup of the localization.
- Assistance with localization data migration.
- Functional, technical, and best practices training in Dynamics 365 Business Central.
- Ongoing support during implementation and go-live.
