

LLB Solutions

LLB El Salvador Localization

For Microsoft Dynamics 365 Business Central

LLB Solutions has developed localizations for Microsoft Dynamics 365 Business Central in Latin America, specifically for El Salvador, to ensure compliance with the tax regulations stipulated by the DGII.

This encompasses functionalities and regulations related to general accounting, fixed assets, inventory management, bank management, accounts receivable, accounts payable, and project management. The El Salvador Localization enhances the Dynamics 365 Business Central functionality, enabling adherence to specific laws and regulations not covered by the standard features.

These various functionalities, as well as printed and electronic reports, can be utilized by both international and national companies operating in El Salvador, across the private and public sectors.

WHAT DOES EL SALVADOR LOCALIZATION INCLUDES?

- Comply the guidelines of CFD, tax and accounting obligation.
- Adaptation of accounting and tax functionality according to El Salvador legislation.
- Reports on magnetic format media and integration with electronic invoice and electronic account.
- Access to functional, technical and location training
Comprehensive training on best practices in Dynamics 365 Business Central, ongoing support during data migration and go-live.
- Adjustment of terminology according to the region in the different standard Dynamics module.
