# LLB Solutions - Colombia Localization

For Microsoft Dynamics 365 Business Central

LLB Solutions has developed localizations for Microsoft Dynamics 365 Business Central in Colombia, ensuring compliance with the tax requirements of the DIAN, including accounting, fixed assets, inventory, banking, accounts receivable and payable, and project management.

The Colombia Localization complements Dynamics 365 Business Central by covering specific tax regulations not included in the standard system.

Its reporting functionalities, both printed and electronic—including the export of exogenous information in XML file format are available for national and international companies operating in Colombia, whether in the public or private sector.

## WHAT DOES COLOMBIA LOCALIZATION INCLUDE?

- Tax and accounting obligations in accordance with DIAN regulations.
- Ensures ongoing updates based on changes in the country's tax regulations.
- Allows access to periodic Microsoft Dynamics 365 Business Central updates while maintaining functional integrity.
- Support in functional setup for localization.
- Support in localization data migration.
- Functional, technical, and best practice training in Dynamics 365 Business Central.
- Ongoing support during implementation and go-live.
