

LLB Solutions - Honduras Localization

For Microsoft Dynamics 365 Business Central

LLB Solutions has developed localizations for Microsoft Dynamics 365 Business Central in Honduras, ensuring compliance with SAR tax requirements, including accounting, fixed assets, inventory, banking, accounts receivable and payable, and project management.

The Honduras Localization complements Dynamics 365 Business Central by covering specific tax regulations not included in the standard system.

Its printed reporting features are available for both national and international companies operating in Honduras, across public and private sectors, with the flexibility to export information in compatible formats for analysis and regulatory compliance when required.

An aerial photograph showing a wide, muddy-brown river winding through a vast, green landscape. The river is flanked by dense tropical forest and some cleared agricultural land. In the far distance, a range of mountains is visible under a clear blue sky.

WHAT DOES THE HONDURAS LOCALIZATION INCLUDE?

- Tax and accounting obligations in accordance with SAR regulations.
- Ensures constant updates based on tax regulatory changes in the country.
- Allows access to periodic Microsoft Dynamics 365 Business Central updates while maintaining the integrity of functionalities.
- Support in functional configuration for the localization.
- Support in localization data migration.
- Functional, technical, and best practices training in Dynamics 365 Business Central.
- Ongoing support during implementation and go-live.
